CTW-X-03 Creation (bonus)

16 x 20 in canvas: 4-sheet tiled print (print at 100%, no scaling)

1. Print all four sheets (A-D) on letter paper, laser or dry-toner printer, at 100% / Actual size. These are already MIRRORED for the transfer.
2. Trim each sheet along its corner crop marks to leave an 8 x 10 in piece.
3. Lay the pieces face up in the layout shown (A top-left, B top-right, C bottom-left, D bottom-right). Match the small tick marks on the joins.
4. Butt the edges together (no overlap) and tape the back with clear tape.
5. Transfer the joined print to the 16 x 20 canvas with Mod Podge Photo Transfer Medium, following the kit's Foolproof Transfer Guide.

Tip: do a practice transfer first. Press the seams flat with a credit card.
