COLOR THE WORLD

Bible Art & Reflection Experience

Read | Reflect | Transfer | Paint | Display

A Bible paint-by-number and devotional kit for teens, adults, families and churches

50 mini-devotionals in 5 collections | 5 canvas levels, 8 x 10 to 16 x 20 | Foolproof photo-transfer method | Practice project | 60-minute, 90-minute and two-session plans | Facilitator guide

Scripture quotations in this kit are to be taken from the New International Version (NIV). Reflection prompts are original.

Welcome: Not Just a Paint-by-Number

A paint-by-number is usually a painting project. This kit turns it into a devotional. Every project in this book gives you a two-page spread: a Scripture and reflection page on the left, and a painting project on the right. By the time the last brushstroke dries, you have read a passage, thought about it, prayed over it, made something beautiful with your hands, and hung a daily reminder of it on your wall.

The five movements of every project

Step	What you do
1. Read	Read the Bible passage listed on the left page. Take your time. Read it twice.
2. Reflect	Copy the focus verse, answer the Think question, and finish the sentence "Today I will ...". Write a short prayer.
3. Transfer	Move the artwork onto your canvas with Mod Podge Photo Transfer Medium (the foolproof guide is on page 6).
4. Paint	Paint the numbered shapes. Pray as you paint. Let the quiet work be part of the devotion.
5. Display	Seal the painting with Matte Mod Podge and hang it where you will see it. The finished piece is a reminder of the verse and of what God said to you.

Why this approach

- The Scripture is never in the picture. The transferred artwork has only outlines and small numbers. The verse lives on your devotional page, where you copy it by hand.
- Large paint zones only. You will not be squinting at tiny shapes. Every shape is large enough to paint comfortably.
- Real growth in detail. Bigger canvases get a more detailed design, not just an enlarged copy of the small one.
- It works alone, as a family, or as a church group. The facilitator guide in this book covers 60-minute, 90-minute and two-session formats.

How the book is organized

Part	What is in it
Getting started	Levels and canvas sizes, the one-page Foolproof Transfer Guide, tools and costs, print layouts, the practice transfer, and troubleshooting
Facilitator guide	60-minute plan, 90-minute plan, two-session plan, setup, scripts and tips for leaders
Collection 1	Faith over Fear (10 projects)
Collection 2	Walk with Jesus (10 projects)
Collection 3	Peace & Prayer (10 projects)
Collection 4	Hope & Redemption (10 projects)
Collection 5	Beautiful Scripture Art (10 projects)
Art file index	Every project's art ID, level, canvas size and print paper

A note on Scripture and wording

The Bible passages are listed by reference so you can read them in your own Bible. The focus verse has blank lines so you can copy it by hand. Copying Scripture slowly is itself a way to listen. If you use this kit in a class or church, copy the verses from your congregation's preferred translation.

Levels and Canvas Sizes

There are five levels. Level 1 is the introductory 8 x 10. As the canvas gets larger, the artwork gets more detailed, with more shapes, more colors and more small touches. It is never just an enlargement.

Level	Canvas	Paint zones	Colors	Smallest zone	Paint time	Print paper
L1	8 x 10 in	Easy	6 to 7	1.5 in	1 to 1.5 hours	One letter page (8.5 x 11)
L2	9 x 12 in	Easy	8	1.25 in	1.5 to 2.5 hours	One tabloid page (11 x 17), trimmed
L3	11 x 14 in	Standard	10	1 in	2.5 to 4 hours	One 12 x 18 or 13 x 19 sheet, or 4 letter pages
L4	12 x 16 in	Standard	12	0.85 in	3 to 5 hours	One 13 x 19 sheet, or 4 letter pages
L5	16 x 20 in	Detailed	14	0.75 in	5 to 8 hours (2 or more sittings)	4 pages (8 x 10 each), letter or tabloid

What the paint zones mean

- **Easy:** big, simple shapes with at most one or two small touches. Perfect for a first project, families, and anyone who wants a relaxing hour.
- **Standard:** a mix of large shapes and medium shapes, with some blending of lighter and darker tones of the same color.
- **Detailed:** more shapes, more colors and finer features such as faces, folds in robes and clusters of leaves. Even here, no zone is smaller than about three quarters of an inch across. There are no microscopic regions anywhere in this kit.

Tip: how numbers look

Numbers are printed small and in a mid-gray so they do not clutter the picture. They sit in the middle of each shape and read correctly once the image is transferred, because the print files are already mirrored.

Which level should I start with?

- First time painting or first time transferring: Level 1 (8 x 10). Do the practice project first.
- Comfortable with brushes: Level 2 or 3.
- Want a statement piece for a wall: Level 4 or 5. Plan two sittings.
- Teaching a group: choose Level 1 or 2 for 60 and 90 minute sessions.

The Foolproof Transfer Guide

This is the whole method on one page. It follows the Plaid Crafts instructions for Mod Podge Photo Transfer Medium. Keep this page next to you while you work.

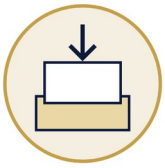

1. Print mirrored

Print the mirror-image file on plain copy paper with a laser or dry-toner printer or copier. No inkjet, no photo paper. Trim off the white border.

2. Coat the paper

Lay the print face up on wax paper. Brush a thick, even layer of Photo Transfer Medium over the whole printed side. Cover every edge.

3. Place face down

Lower the paper face down onto the canvas, starting at one edge. Do not slide it once it touches.

4. Smooth out

Press from the center outward with a squeegee or old gift card. Push out bubbles and wipe squeezed-out medium from the edges.

5. Wait 24 hours

Leave the canvas flat and untouched for a full 24 hours. Do not rush this step.

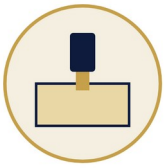

6. Wet the paper

Lay a damp (not dripping) sponge on the paper. Wait a minute or two so the paper softens.

7. Rub gently

With a light touch, rub in small circles. The paper rolls off in tiny pills. Stop when the paper is gone.

8. Dry and check

Let it dry. A white haze means leftover paper: wet and rub lightly again. Repeat until clear.

9. Paint, then seal

Paint the numbered shapes. When the paint is dry, brush on Matte Mod Podge to seal and protect.

Before you begin: the five golden rules

Always	Never
Use dry-toner (laser) prints on plain copy paper	Use inkjet prints, glossy paper or real photographs
Print the mirrored file. The numbers will then read correctly on the canvas	Slide the paper after it touches the canvas
Wait the full 24 hours before wetting	Scrub hard. Light circles are all you need

Source: Plaid Crafts, "How to Use Mod Podge Photo Transfer" (plaidonline.com). Always read the label on your own bottle.

Tool Guide: Everything You Need, Where to Buy It, and What It Costs

Prices are estimates for planning. Prices change, and stores run sales, so check the current price before you shop. One price (Hobby Lobby's Photo Transfer Medium, 8 oz, listed at $9.99) was confirmed when this book was written. Save money by buying canvases in multipacks, sharing paints in a group and printing at the church office or library.

Transfer and finishing (the heart of the kit)

Item	What it does	Where to buy	Estimated cost
Mod Podge Photo Transfer Medium, 8 fl oz	Carries the toner image from the paper onto your canvas	Hobby Lobby, Michaels, Walmart, Amazon, plaidonline.com	$9 to $12
Mod Podge Matte, 8 fl oz	Final sealer that protects the finished painting	Walmart, Michaels, Hobby Lobby, Jo-Ann, Amazon	$6 to $9
Mod Podge Photo Transfer Tool Set (optional, Plaid)	Tools made for pressing and smoothing transfers	plaidonline.com, craft stores	$8 to $12
Foam brush or 1 in flat brush	Applies medium evenly; use one for medium, one for sealer	Any craft or hardware store	$1 to $3 each
Plastic squeegee, old gift card or small brayer	Smooths the paper onto the canvas from center to edge	Craft store, dollar store, Amazon	$0 to $8
Cellulose sponge and small bowl	Wets the paper for removal	Grocery store or craft store	$1 to $3
Wax paper or craft mat	Protects the table and holds wet prints	Grocery store	$2 to $4

Canvas and paint

Item	What it does	Where to buy	Estimated cost
Stretched canvas (8x10, 9x12, 11x14, 12x16, 16x20)	Your painting surface. Choose the size for your level	Hobby Lobby, Michaels, Walmart, Amazon (multipacks are cheaper per canvas)	$3 to $6 (8x10) up to $14 to $20 (16x20)
FolkArt acrylic craft paint, 2 fl oz	The colors for your project (the book names each color, such as Navy Blue)	Walmart, Michaels, Hobby Lobby, Amazon	$1.50 to $3 per bottle; sets save money
Brush set (round #2, #6, #10; flat 1/2 in; liner)	Large brushes for big zones, small round for edges	Craft stores, Walmart, Amazon	$5 to $10
Palette (paper plate or wax paper) and water cups	For mixing and rinsing	Any store	$2 to $4
Paper towels and a smock	Keeps clean-up easy	Any store	$3 to $5

Printing and display

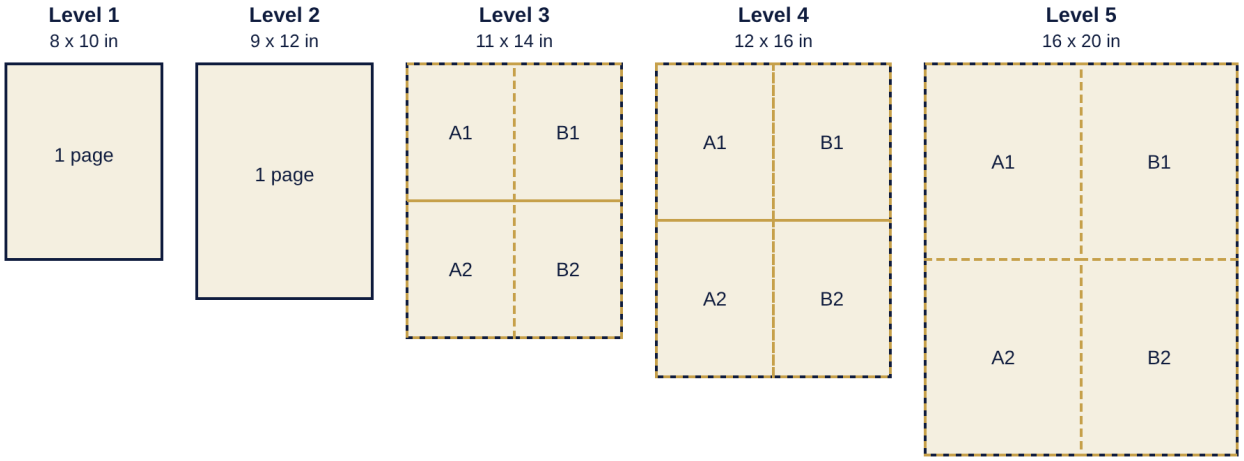

Item	What it does	Where to buy	Estimated cost
Laser or dry-toner printing on plain copy paper	Makes the transfer print (the mirrored file)	Home laser printer, library, FedEx Office, Staples, church office copier	$0.10 to $0.90 per letter page; large sheets $1 to $3
Scissors or paper trimmer	Trims the print to the canvas size	Any store	$0 to $15
Tabletop easel or hanging hardware	For display	Craft store, hardware store	$3 to $15

Typical costs

Starter kit, one person (reusable supplies)	One additional 8 x 10 project	One additional 16 x 20 project
About $45 to $70 (paints, transfer medium, Matte Mod Podge, brushes, squeegee, sponge, wax paper)	About $8 to $12 (canvas, print, share of medium, paint, sealer)	About $25 to $40 (canvas, print, more medium and paint)

Print Layouts for Each Canvas Size

Every project has a print file for each level it is offered in. All print files are already mirrored. Larger canvases can be printed on one large sheet at a copy shop that uses dry-toner machines, or tiled across several letter pages on a home laser printer. The art files include crop marks and tile labels (A1, B1, A2, B2).

Level	Canvas	Single-sheet option	Tile option (home laser printer)
L1	8 x 10	Letter page 8.5 x 11 (100%)	Not needed
L2	9 x 12	Tabloid page 11 x 17, trim to 9 x 12	Not recommended; use a copy shop
L3	11 x 14	12 x 18 or 13 x 19 sheet, trim	4 letter pages, each 5.5 x 7 (tiles A1 B1 A2 B2)
L4	12 x 16	13 x 19 sheet, trim	4 letter pages, each 6 x 8
L5	16 x 20	Large-format dry-toner copier if available	4 pages, each 8 x 10 (tabloid pages give a more comfortable margin)

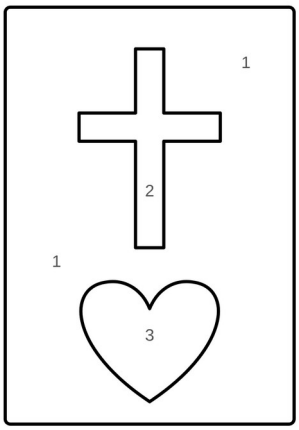

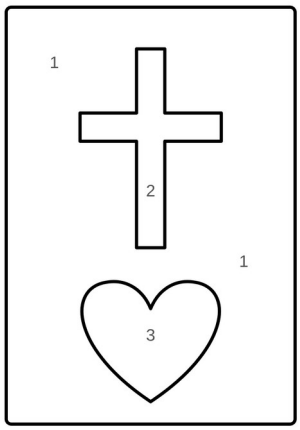

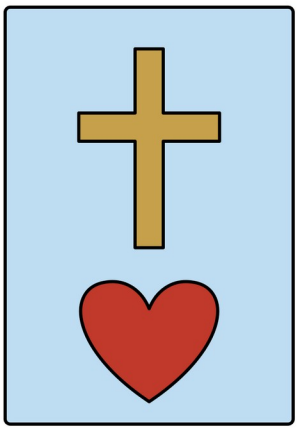

How to tile a large print

1. Print every tile at 100 percent (Actual Size). Do not choose Fit to Page.
2. Check the ruler bar on page A1. It should measure exactly 2 inches.
3. Trim each tile on the crop marks. Keep the 1/4 inch overlap strip if you want to lap pieces, or trim it off to butt the edges together.
4. Apply the tiles to the canvas one at a time, matching the edges, in the order A1, B1, A2, B2. Smooth each tile before placing the next.
5. Let the whole canvas dry for 24 hours before wetting the paper.

Seams will show as very thin lines. They disappear when you paint over them.

Your Practice Transfer: Cross, Heart and Three Paint Areas

Before you start a full project, practice the whole process on a small 5 x 7 canvas panel. The design is simple on purpose: a cross, a heart and the background. That is three paint areas. You will practice coating, positioning, smoothing, drying, wetting, removing paper and painting.

Print this (mirrored)	It reads this way after transfer	Example when painted
		

Number	Zone	Suggested color
1	Background	Sky Blue
2	Cross	Gold
3	Heart	Red

Practice checklist

You will need: a 5 x 7 canvas panel, one practice print on copy paper (laser or dry toner), Photo Transfer Medium, a foam brush, a squeegee or gift card, wax paper, a damp sponge and the three paints above.

Done	Step	What you are practicing
[ ]	1. Print and trim	Mirrored print on plain copy paper, trimmed to the canvas size
[ ]	2. Coat	A thick, even layer over the whole printed side. No dry patches
[ ]	3. Position	Lower the paper face down from one edge. Do not slide it
[ ]	4. Smooth	Press from the center outward. Wipe squeezed-out medium from the edges
[ ]	5. Dry	Wait 24 hours, flat and untouched
[ ]	6. Wet	Lay a damp sponge on the paper for a minute or two
[ ]	7. Remove paper	Rub gently in tiny circles until the paper rolls off. Let dry; repeat if hazy
[ ]	8. Paint	Paint 1, 2 and 3. Let each color dry before the next
[ ]	9. Seal	One thin coat of Matte Mod Podge when the paint is dry

Practice reflection: What was easiest? What would you do differently on your first full project?

_____

Troubleshooting

What went wrong	Likely cause	What to do
Image is blurry or doubled	The paper moved after it touched the canvas	Prevention is best: lower the paper from one edge and do not slide it. Reprint and start again on a fresh canvas, or paint over and treat it as a loose guide
Bubbles or wrinkles	Not smoothed from the center out	Smooth from the center outward right after placing. If it is already dry, small bubbles often disappear under paint
White haze after rubbing	Paper residue still on the surface	Wet again with a damp sponge and rub lightly. Let dry. Repeat until clear
Lines are faint	Light print, thin medium or too little dry time	Next time use a darker print setting and a thicker coat of medium. Trace faint lines with a fine permanent marker before painting
Lines are scratched or missing	Rubbing too hard or too soon	Always wait the full 24 hours. Use a light touch. Touch up with a fine marker
Image is backwards, numbers are mirrored	Printed the unmirrored file	Check the label on the print file: PRINT COPY (MIRRORED). Reprint and start again
Paper will not come off or tears into strips	Not enough water or not enough soak time	Place the damp sponge on the paper for a few minutes, then roll the paper off with fingertips in tiny circles
Sticky edges	Medium squeezed out and dried	Wipe it right away with a damp cloth. Next time use a little less medium at the edges
Seams show on a tiled print	Gaps or overlap between tiles	Butt the edges together tightly. Fill thin gaps with a fine marker before painting
Numbers are hard to read	Light gray numbers over a dark transfer	Trace over the numbers with a pencil before you paint
Paint looks streaky	Paint is thin or the surface is slick	Apply two thin coats and let each dry. Use a flat brush for large zones
Sealed painting feels tacky	Thick coat or humid room	Use thin coats, let it cure 24 hours in a dry room, and avoid stacking it face to face

If something goes wrong, remember the outcome is still a handmade devotional piece. A few imperfections are part of the story.

Facilitator Guide: Leading a Color the World Session

This guide is for pastors, ministry leaders, small group hosts and VBS teams. You do not need to be an artist. You need a Bible, a clear plan and a calm room.

The most important thing to know

The transfer needs 24 hours to dry. Because of that, a 60-minute or 90-minute session uses canvases you prepared the day before, and a two-session plan lets participants do the transfer in session 1. Plan your calendar around the drying time.

Prep timeline

When	Task
One week before	Choose projects and a level. Order or buy canvases, paint, transfer medium, Matte Mod Podge and brushes. Reserve the room
3 days before	Print all mirrored files on a dry-toner printer or copier. Trim each to canvas size. Do one test transfer yourself
The day before	Transfer every canvas (or every participant's canvas, for a two-session plan). Let them dry 24 hours, flat and untouched
Day of the session	Remove paper from the pre-transferred canvases an hour early if you can, so they are dry. Set out supplies. Print the devotional pages

Room setup and supplies

- Tables covered with paper. One large water cup, three brushes and a paper towel stack per person.
- A palette plate per person. Pour small amounts of the project's colors, labeled with the numbers from the right-hand page.
- A shared station for transfer: wax paper, medium, brushes, squeegees, damp sponges and a bowl of water.
- One helper per 6 to 8 participants for the transfer step.
- A drying shelf or flat table for canvases between sessions, labeled with participant names.

Choosing a plan

Plan	Level to use	Best for
60 minutes	Level 1 (8 x 10) only	Family nights, classes, short gatherings. Canvas is pre-transferred
90 minutes	Level 1 or 2	Women's or men's gatherings, retreat sessions. Includes a practice transfer to take home
Two sessions	Any level (Level 1 to 3 recommended)	Retreats, weekend workshops, Sunday school series. Session 1: Scripture and transfer. Session 2: reflection and painting

The 60-minute plan (pre-transferred canvas, Level 1)

Time	Segment	What happens
0 to 5	Welcome and prayer	Open with a short prayer. Say what the project is and what you will do tonight

Time	Segment	What happens
5 to 15	Read	Read the passage aloud. Ask two quick questions: what stands out, and what do you notice about God?
15 to 22	Reflect	Participants copy the focus verse and answer the Think question silently. Invite 1 or 2 to share
22 to 27	Transfer overview	Show your own transfer steps, a finished transferred canvas and a wet-removed canvas. Hand out the color key
27 to 52	Paint	Paint in silence or with soft music. Start with the largest zones. Encourage people to pray as they paint
52 to 58	Prayer and write	Finish the "Today I will ..." sentence and the prayer prompt. Pray together
58 to 60	Clean up and display	Set canvases to dry. Explain sealing with Matte Mod Podge at home

The 90-minute plan (practice transfer plus a pre-transferred canvas)

Time	Segment	What happens
0 to 10	Welcome and prayer	Introduce the five movements. Pray
10 to 25	Read and reflect	Read the passage, copy the verse, answer the Think question. Share in pairs
25 to 40	Practice transfer	Everyone transfers the cross-and-heart practice panel. They take it home to dry and finish the paper removal using the handout
40 to 80	Paint	Everyone paints a pre-transferred canvas. Move around the room, encouraging and helping
80 to 87	Prayer and write	Finish the written prayer. Pray in groups of 3
87 to 90	Wrap-up	Explain sealing and display. Hand out the take-home page

The two-session plan

Session 1: Scripture and transfer (about 75 minutes)

Time	Segment	What happens
0 to 10	Welcome and prayer	Introduce the project and its Scripture
10 to 30	Read and discuss	Read the passage twice. Discuss what it shows about God and what it asks of us
30 to 40	Reflect	Copy the focus verse and begin the Think question
40 to 65	Transfer	Participants coat, place and smooth their prints. Helpers circulate. Label canvases and set them flat to dry
65 to 75	Prayer and clean-up	Pray. Wash brushes and tables. Remind everyone the canvas needs 24 hours or more

Between sessions

Let the canvases dry flat for at least 24 hours. They can wait several days if needed.

Session 2: Reflection and painting (about 90 minutes)

Time	Segment	What happens
0 to 15	Wet and remove paper	Each person wets the paper and removes it. Set canvases aside to dry while you reflect

Time	Segment	What happens
15 to 35	Reflect and write	Finish the Think question, the "Today I will ..." sentence and the prayer. Share in pairs
35 to 80	Paint	Paint the numbered zones. Small group prayer for each other as people finish
80 to 90	Closing	Share what you painted and what you heard. Close in prayer. Explain sealing and display

Leader tips

- Keep Scripture reading simple. You are not teaching a lecture; you are inviting people to notice.
- Normalize imperfect work. "It does not have to be perfect to be a reminder."
- Offer large brushes for anyone with tremor or arthritis. Offer seated stations.
- For mixed ages, pair teens with adults. Younger children can paint the largest zones.
- Keep the doctrine discussion open and Scripture-centered. Ask "What do you see in the text?" before offering your own view.
- Check labels on all products before use and follow their safety instructions. Keep food and drink away from the painting area.

Group closing prayer

Lord, thank you for your Word and for the work of our hands. Let what we have painted today remind us of what you said to us. Help us live it out this week. In Jesus' name, amen.

COLLECTION 1

Faith over Fear

When fear is loud, these stories show God's people trusting him anyway.

#	Project	Level	Read
1	Daniel in the Lions' Den	L3	Daniel 6
2	David and Goliath	L2	1 Samuel 17
3	Peter Walks on Water	L2	Matthew 14:22-33
4	Jesus Calms the Storm	L4	Mark 4:35-41
5	Fire Cannot Harm: The Fiery Furnace	L3	Daniel 3
6	Gideon's 300	L5	Judges 7
7	Joshua and the Walls of Jericho	L1	Joshua 6
8	Esther Before the King	L1	Esther 4 and 5
9	Chariots of Fire	L5	2 Kings 6:8-17
10	The Red Sea Parts	L4	Exodus 14:5-31

FAITH OVER FEAR | READ, REFLECT

Daniel in the Lions' Den

READ **Daniel 6**

FOCUS **Daniel 6:22**

Copy the focus verse from your Bible:

THINK Where am I being challenged to trust God even when I don't know the outcome?

WRITE **"Today I will trust God with _____."**

PRAYER *Lord, shut the mouths of the lions in my life. Help me keep praying like Daniel, no matter who is watching.*

FAITH OVER FEAR | PAINT AND DISPLAY

Painting Project: Daniel in the Lions' Den

COMPLETED ARTWORK EXAMPLE

Art file CTW-C1-01

Difficulty	Level 3 (Standard zones)	**Canvas size**	11 x 14 in
Colors	10 colors	**Paint time**	2.5 to 4 hours
Transfer	Use the Foolproof Transfer Guide. Print the mirrored file CTW-C1-01 on a laser printer. Print on: One 12 x 18 or 13 x 19 sheet, or 4 letter pages	**Seal**	When paint is dry, brush on Matte Mod Podge

#		Core color zones	Paint color
1		Night sky	Navy Blue
2		Stone walls	Gray
3		Daniel's robe	Royal Blue
4		Lions	Gold
5		Angel light	Cream
6		Floor	Tan

Higher levels add lighter and darker tones of these colors (and a few small accent colors) as extra numbers on the print. The full number list prints on the key beside the art file.
